

JISC Legal, a JISC Advance service, works to ensure that legal issues do not become a barrier to the adoption and use of new information and communications technologies in further education, higher education and specialist colleges.

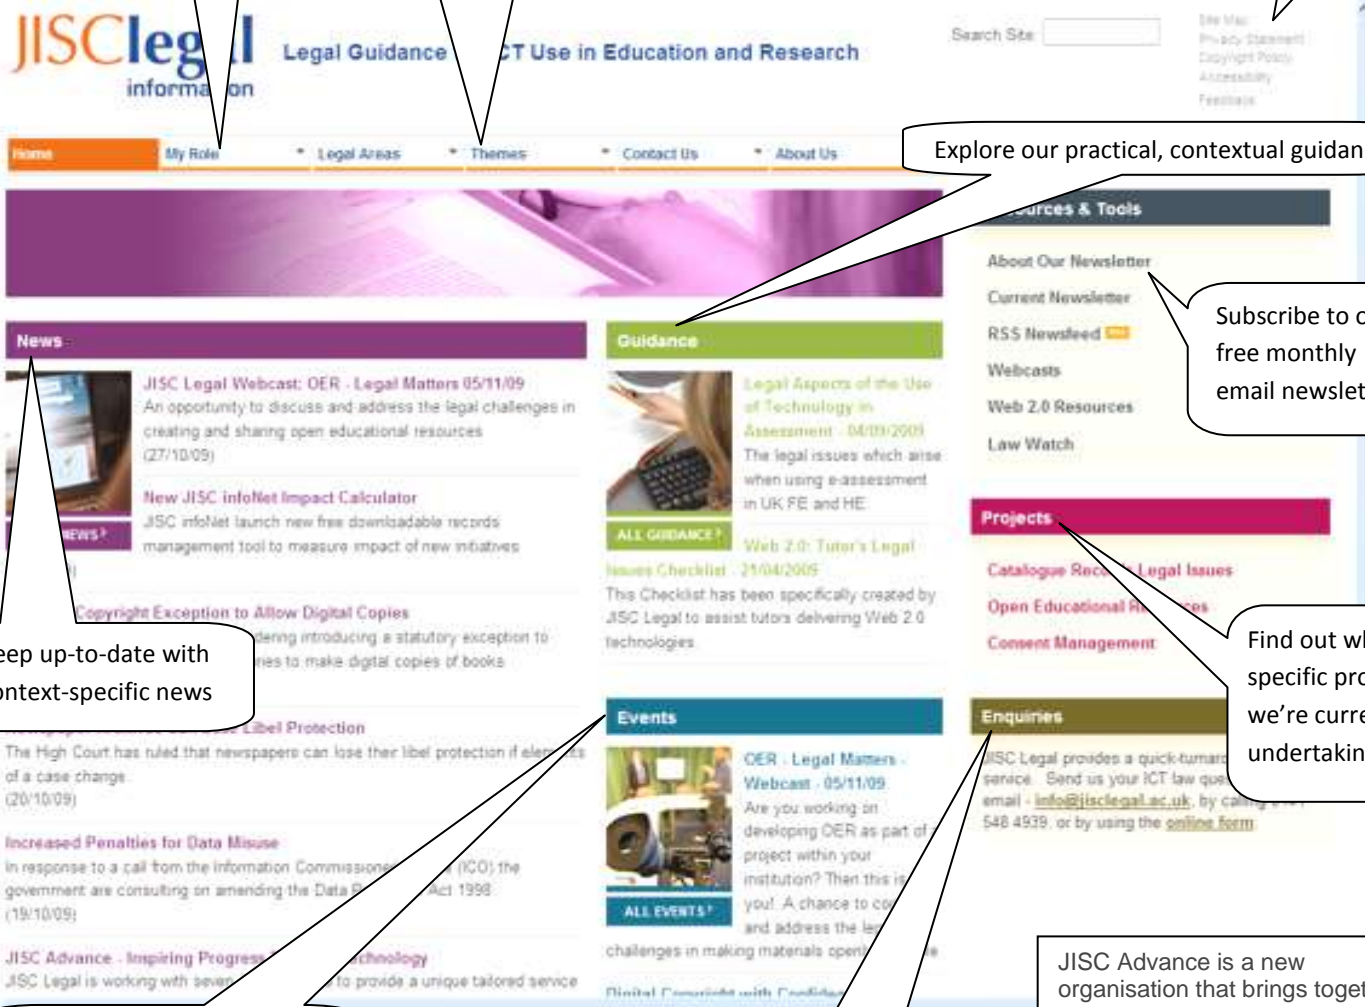

Introducing the new JISC Legal website

www.jisclegal.ac.uk

Find information relevant to your role

Find topical guidance related to your activity, such as Web 2.0, e-Administration and Research

Search, navigation and accessibility features allow easy use of the site

Explore our practical, contextual guidance

Subscribe to our free monthly email newsletter

Keep up-to-date with context-specific news

Find out what specific projects we're currently undertaking

Don't miss out on forthcoming workshops and training

If our guidance doesn't give you the answer, our enquiry service is available to help you out
